Avanti Victory Pole Roller

This tripod-style, V-shaped roller erects quickly and packs away in its own zipped storage/carry bag in a matter of seconds. To protect your carbon sections you need a solid base, and the Victory V roller utilises a lightweight, but strong, camera-style tripod, and you can set the roller low at just 80cm (32ins) or extend it fully to 1.4m (approximately 4ft 8ins).
